

INCLUSIVE ORGANISATIONS

Info Sheet For Non-Profit Organisations
working with youth from marginalized groups

What Is The Project About?

Inclusive Organisation is a EU funded project that is based on materials by Ljubljana Pride from a past project with the aim to support organizations in the self-reflection of their own inclusion standards. The project wants to reinforce inclusion processes in organisation and promote the topic in the wider european youth work space.

Our Main Goal:

Enable and support organisations in the process to become more inclusive towards youth from marginalised groups

To achieve this goal we want to

Set up and reinforce networks of inclusive organisations across the partner countries

Develop concrete activities/ resources that can be used to create more inclusive work environments

Create a certification scheme that enables organisations to test their progress towards inclusivity and be recognised for their effort and knowledge through a (self-)certification
