

PIRATEs

Pedagogical approaches, Intercultural learning and Raising Awareness Tools in Europe

PROJECT DESCRIPTION

METHODOLOGY

The whole training will be based on non-formal education – NFE methodology, in order to meet the educational action forecast and to ensure a coherent learning process for participants and the whole group.

Moreover, participants will be free to propose a wide variety of other methods and tools from a more artistic framework (e.g. dance and body movement, visual tools ...).

PIRATEs is an **Advanced Training for Trainers – AT4Ts**, conceived to boost trainers’ capacities, to share, test and upgrade methodologies and approaches in a horizontal perspective. Therefore, everybody will actively participate in the development of the training sessions, acting both as facilitators and as participants.

AIM

To **develop tools and working methods**, among facilitators and trainers, to further **promote active youth participation**. More specifically, the Advanced Training for Trainers, foresees exchanging knowledge and resources among trainers involved in youth work at local, national and European levels, and stimulating the exchange of practises, approaches and peer learning.
